1. Chemie

Figur 1: Ethanol structure

2. Diagramme

Figur 2: Plot diagram

3. Writing Shortcuts

$x = \pm 3$ can now be written by "+-" and $x \Leftarrow y$ by "<=" despite it normally rendering as \leq . But the latter is unusable now. See: \Leftarrow :(

3.0.1. Formattierung per Regex

The word **TODO** is automatically colored by a regex.

4. Linguistik

/ðɪs ɪz ə sen.təns/

ðɪs ɪz ə sen. təns
This is a sentence
